THEIR MAJESTIES' interest in England's war defences has spurred efforts of Air Raid Precautions workers. Here the smiling King and Queen inspect a sandbagged arch at South Africa House, London

FUR AND FEATHERS AT WAR

PADDY KNOWS "cookhouse" when he hears it, and the bugler of the 53rd Battery, Royal Canadian Artillery, hopes that he may learn to waken the boys when "Reveille" sounds

"SKELCEY HAD a little goat—the goat had halitosis—and everywhere that goatie went—the people held their noses." So ran a verse honoring the mascot, late of the 15th Battery R.C.A.

MASCOTS OF THE SECOND Field Company of Engineers are a St. Bernard, a bear cub—officially Sgt.-Major Baron and Sgt.-Major Binga. Both are officially on the strength; Baron wears the regimental badges

APTLY ENOUGH, the mascot shown with Flight-Lieut. G. W. Jacobi of the 110th squadron is a Mallard duck, who answers to Oscar. There is also a Mrs. Oscar

HERE ARE TWO REASONS why Quebec's Laurentian mountains are eastern Canada's ski mecca, and why last winter close to 96,000 skiers slid down their steep hills and tricky trails. Above

is shown one of the many ski cottages in the 2,500 square miles of winter playground. Over nearly 1,000 miles of trails, exploring skiers can find scenes of dazzling beauty as shown below

CANADIAN EIGHTEEN POUNDERS GET DRESS REHEARSAL

HIGH PNEUMATIC TIRES carry the weight of the eighteen-pounders of the 23rd (Medium) Battery of the Royal Canadian Artillery. The guns and officers (on next page) of this

mechanized unit of the Canadian army were photographed during manoeuvres near Clarkson, Ontario. A Lewis gun and crew protects every four pieces of artillery from airplane attack

GUNS IN ONTARIO'S ORCHARDS

TIN HATS—, rather than brass hats, were the order of the day when officers of the 23rd (Medium) Battery directed manoeuvres in the apple orchards of Clarkson, Ont. Major H. H. Leonard,

kneeling, draws the attention of Lieutenants J. R. Bartram, J. W. Bishop, P. H. Tedman, Captain Arthur Birks and Lieut. C. S. Kingsmill to an objective indicated on his map of the area

KNOWLEDGE OF MATHEMATICS is necessary when plotting the angle of fire (above). The guns on the opposite page may do terrible damage if shells fall short

EQUALLY IMPORTANT to gunners is a knowledge of the effect of their shelling. Signallers above are contacting advance observation posts by field telephone during the manoeuvres

MERRILY SHE ROLLS ALONG to do her shopping in a Sussex town, her two-seater being "interned for the duration" to conserve its gasoline for the nation's needs

LOOK AT THE LORD MAYOR OF LEEDS leaving home on his old motor-scooter which he acquired 20 years ago. Quite a change from lolling in the mayoral limousine

ENGLAND SAVES PETROL

IT'S A COMEBACK FOR HORSEBACK since the rationing of gasoline to six gallons a month in Britain and the car is used only for important occasions. Marketing has to be done and horsey helps a lot

A NICE PARCEL ON THE CARRIER of this conveyance, now being used in lieu of the motor car. Streamlined autos have been sold in London for as low as \$3 and some traded for bicycles

BRITAIN'S HEART BEATS ON

WAR CANNOT CHANGE the life of England's great country homes—but it brings new activities. These pictures were taken at Easton Neston, country home of Lord Hesketh. Above (left) are his three grandchildren with the nurse who also brought up their

father, Lord Revelstoke. Right, the boys of nearby Holloway school dig an air raid shelter. Nightly "blackout" is now part of the butler's duty (left below). Mrs. Liddle, Lord Hesketh's nurse, is still in the household. She knits socks for soldiers

LORD TWEEDSMUIR'S SON IS MARRIED IN ENGLAND

HON. T. A. CRRERAR, former minister of mines and resources, representing Canada at Empire's war defence consultations, visited British troops at the front in France

HON. WILLIAM JAMES de l'Aigle Buchan, son of Canada's governor-general, and his bride, **Nesta Irene Crazier**, leaving the church of Elsfield, Oxford, England

PRINCE RAS MONOLULU, noted race tipster in England, has forsaken his profession for the present and is a vendor of gas mask carriers

Your best wishes go with the best of gifts... the mildest of cigarettes... the ever-popular, cork tipped

"DON'T YOU REMEMBER SWEET ALICE?" will probably be a popular greeting among these Tommies when they meet after the

war is over. This cheerful party is a British detachment going through a French village, led by a truck named "Alice"

WORLD'S PRECISION RECORD

He
will be proud

to wear an Omega. It's the watch that holds the World's Precision Record. The watch that timed the 1938 British Empire Games, the 1939 World's Ski Championships and countless other sporting events. Famous diplomats, scientists, financiers, sportsmen have always made Omega their choice. It is the same today. Where leaders gather Omega leads all other watches.

Severely masculine designs, models that breathe youth and dash, still others that are modern-with-a-difference, and special watches for military men... It's easy to select the style he'll most appreciate.

Give him an Omega this Christmas.

She
will adore

selecting her heart's desire from the many new, entrancing Omega styles. Or, better still, you may charm her with a choice of your own.

Flawlessly feminine in every line, curve and contour... each Omega expresses the verve and spirit of this brilliant age.

For she who looks her best when stars begin to wink or for milady who prefers man-tailored suits, or for the girl who dares the dizziest slopes on skis... there's an Omega style that will thrill and please her beyond words.

Give her an Omega this Christmas.

WINTERING IN CANADA ARE—

AMERICAN BARN OWL (right), often called the Mankey-faced Owl, is rare in Canada and a most valuable bird. It was discovered by W. V. Crich, Toronto naturalist. The Red-tailed Hawk (above) is one of our two largest buzzards. It is a hardy winter bird. Both are efficient mousers

Another Broken Date! But what can Mr. Cupid do when a girl lets dingy teeth—a dismal smile—cloud her charm?

Good Advice from Jane—"Teacher says gum massage is as important to a winning smile as brushing the teeth."

Life's Gayer for Peg Now! And life can be more fun for all girls whose smiles are bright and sparkling. It isn't hard when you discover, as Peg did, that Ipana, with massage, is especially designed to help make gums healthier—teeth brighter—and smiles more attractive and winning.

Help your smile to loveliness with Ipana and Massage

Don't take chances with "Pink Tooth Brush"! Tender gums—dingy teeth can ruin the looks of your smile.

THE very first time, your tooth brush shows "pink"—see your dentist at once! You may or may not be in for any real trouble, but let your dentist decide. Probably his verdict will be "gums grown lazy and tender—gums deprived of hard, vigorous chewing by our modern soft, creamy foods—gums that need more work and exercise." And, like

so many modern dentists, he may suggest "the healthful stimulation of Ipana Tooth Paste and massage."

For Ipana is especially designed not only to clean teeth but, with massage, to help the health of your gums... stimulate circulation in your gum tissues, give gums the firmness they need for health.

Get a tube of economical Ipana at your druggist's today. Let Ipana and massage help you to have firmer gums, brighter teeth—a smile that wins admiration.

IF YOU HAVE RECENTLY RECOVERED from a prolonged illness . . . or a stubborn, weakening cold . . . cod liver oil is an excellent tonic to take. It is rich in Vitamins A and D, those vitamins many doctors say are so important to convalescents and invalids. And now THERE IS A BETTER WAY TO TAKE COD LIVER OIL—SCOTT'S EMULSION!

1—Scott's Emulsion has all the values of cod liver oil and is four times more easily digested.
 2—Easily digested—The exclusive method of emulsifying the oil permits digestion to start in the stomach, whereas digestion of plain cod liver oil does not begin until the oil

 4—Economical—Scott's Emulsion is an economical way to obtain the Vitamins A and D so necessary to strong bones and sound teeth.

"ROYALTY'S PART TO PLAY"

IT'S ONE ROUND of inspection after another these days for King George VI, who this time visits a training centre of W.A.T.S. (Women's Auxiliary Territorial Service), a revival of the WAACS who went to France in the last war. Duties are cooking, signalling, clerking. They must be between 18 and 43

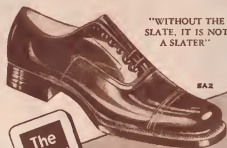

"DON'T FORGET TO WASH behind the ears," Queen Elizabeth admonishes Shirley, when visiting evacuee children recently. "The King and I know what it is to be separated from our children and can sympathize," she told the women of the empire, urging them to keep the "home front" firm and thanking them for their sacrifices

WHILE HER HUSBAND, Major-General the Duke of Gloucester, is behind the lines with the British forces in France, the duchess "carries on" at home. She is here seen inspecting air cadets. Her brother-in-law, the Duke of Kent, who but for the war would be Australia's governor-general, has a naval post

Lady Esther says—

"My 4-Purpose Face Cream keeps your Accent on Youth!"

Women are in REVOLT against heavy, old-fashioned creams! My modern 4-Purpose Face Cream is rapidly replacing older and heavier types on the dressing tables of YOUTH.

THE YOUNGER women are the great partisans of my 4-Purpose Face Cream. I started that trend. But youthful-looking women everywhere quickly followed. And soon a powerful rebellion was "on" against all heavy, "waxy" creams.

Young women in a blind test gave their vote to Lady Esther 4-Purpose Face Cream 2 to 1.

But, I still ask myself, why didn't the older women vote even more overwhelmingly for Lady Esther Face Cream?

For why should any woman cling to a cream that demands more pulling of delicate facial muscles? The very consistency of a heavy cream defeats its purpose! It leaves your face looking shiny, feeling "waxy" . . . not glamorous as it should be.

Whether you are 18, 28, or 38—why deny yourself youthful-looking skin? For the sake of your own appearance . . . to help keep yourself from looking older than you really are . . . make my "Cleansing Tissue Test."

First, cleanse your skin with your present cream, and remove it with cleansing tissue. Then do the same

with my 4-Purpose Face Cream. Wipe it off with a fresh tissue, and look at the tissue.

Thousands of women are amazed to discover dirt upon their second tissue. They see with their own eyes that my 4-Purpose Cream removes pore-clogging dirt many other cold creams FAIL TO GET OUT!

For, unlike many heavy "waxy" creams—Lady Esther Face Cream does a THOROUGH cleansing job without any harsh pulling or rubbing of delicate facial muscles and tissues. It cleans gently, lubricates the skin, and (lastly) prepares your skin for powder.

Prove this, at my expense. Mail me the coupon below and I'll send you a 7-day tube of my Face Cream (and my 10 thrilling new powder shades). Begin now, to put accent on your YOUTH!

(You can paste this on a penny postcard)

DRY SCALP

• Dry scalp is a common scalp complaint. It means dull, lifeless, unmanageable hair, itchy scalp—get rid of it and enjoy hair-health with "Vaseline" Hair Tonic.

This hair dressing is especially made to end dry scalp, to keep hair in place all day long—the way you want it! No "plastered-down" effect, no strong perfume odour. Just a business-like way of keeping trim, smart—and healthy.

Dry indoor home-heating here in Canada causes dry scalp. Combat it this simple way. Sprinkle a few drops on the hair each morning. Rub in briskly with finger-tips till the scalp tingles pleasantly. Then comb and brush your hair. Every week give your hair a thorough "Vaseline" Hair Tonic massage and see for yourself what a transformation it brings about in the appearance of your hair.

Made by Chesebrough Manufacturing Co., Corp'd., 5520 Chabot Ave., Montreal.

A few drops supplement the natural scalp oils, keep your hair manageable and good-looking.

ONCE ACTIVE and prosperous, Port Burwell saw its last "shiptime" recently. For many years it was a profitable seal fishery and busy coaling and supply depot for the ships of the Hudson's Bay Company. Of late years it was operated at a loss, so the post has been closed, most of the Eskimos moving to a better hunting ground. Some day it may be a modern Gibraltar. Defence methods in the Arctic area are now advocated, it being pointed out that every important place in Canada from Quebec to Winnipeg is within bombing distance of a plane carrier reaching James Bay

Danderine on comb or brush. Then arrange your hair as you always do; don't spend a minute more time! But after applying Danderine this way a few days, see how much more clean, lively and lustrous your hair looks—how well the waves is holding. Try this simple method to forget hair worries. All druggists have Danderine. The economical bottle lasts many, many days.

Feeling Sluggish Again?

Take ANDREWS — relieves faster than laxatives by helping whole eliminative tract!

Next time you feel dull, logy, headachy, constipated, think of this before taking that usual laxative!

When bowels are sluggish with body waste, other organs too are off-key. This is **Faulty Elimination**. The whole eliminative process has been upset, and ordinary laxatives—which work in the bowels alone—can't give it all the help that's needed.

So to feel better faster, turn to a special medicine—**ANDREWS Liver Salt**. See how quickly headache, dull fatigue, constipation and other ill effects of **Faulty Elimination** are relieved by **ANDREWS**, through four-way action!

- 1 **ANDREWS** opens the bowels for normal movements.
- 2 Stimulates the liver, very often sluggish.
- 3 Helps the kidneys by reducing the amount of work they have to do.
- 4 Neutralizes excess gastric acid to relieve discomfort in shorter time.
